Coming in 2023!

TV Weekly is expanding to include 24 hours of daily TV listings, and two complete weeks of programming. Look for your bigger and better TV Weekly starting in January.

Dear Readers,

As we celebrate the new year, we want to take a moment to thank you for being a valued part of our TV Weekly family and wish you good health and happiness for 2023 and beyond.

The new year also marks an opportunity for us to improve your magazine and address some of the escalating delivery and paper price increases we’ve been absorbing for the past 18 months without raising your rates. Updating the delivery of the magazine to be biweekly (every other week) helps with these rising costs. This change will also allow you to plan what to watch up to 14 days in advance. At 88 pages, TV Weekly is bigger and better and remains the Nation’s #1 TV listings magazine!

Much of the feedback we received in response to our annual reader surveys requested 24-hour TV program listings. So now we’ve added 24-hour listings! We’ve expanded the movie section so you can find movies airing on your favorite networks at any time of the day. Plus, there’s plenty of fun blended throughout the magazine, with crossword puzzles, word finds, Sudokus, entertainment columns, streaming and more.

We know change can be difficult for some and we believe it’s always helpful to understand why changes are made, and we hope this note helps do that. Thank you in advance as we transition TV Weekly to be a more resourceful, more entertaining publication for you.

- Roku
- Amazon FireStick
- Apple TV & Android TV

- (including Sony, LG and Vizio)
- On the web at pluto.tv

TV, Movies, Sports, Music & More: From Nostalgic Classics to Current Favorites

Pluto TV's content spans a wide range of categories, and a majority of it is iconic library programming. The programming team has expert curators who tap into the zeitgeist of both old and new, populating the service with nostalgic classics and current favorites that range across genres: Star Trek, The Dick Van Dyke Show, Criminal Minds, Wheel of Fortune, The Amazing Race, Mystery Science Theater 3000 and Dora the Explorer all exist across Pluto TV’s far-reaching platform, as do music channels spanning different decades, movies themed by categories (80s Rewind, Cult Films, etc.), sports content from various services like CBS Sports and much more.

A current hit spotlighted on Pluto TV is the popular daytime series The Drew Barrymore Show. Now in its third season in first-run syndication, recent episodes of The Drew Barrymore Show stream on the series’ dedicated Pluto TV channel. Host Drew Barrymore is bringing the same infectious blend of humor and positivity that viewers love about her and her program to a new Pluto TV brand campaign that launches worldwide starting Monday, in which she shares her enthusiasm for the service's vast library of content and helps hype the brand's new tagline: “Stream Now. Pay Never.”

Pluto TV Is Your Home for the Holidays

### TV WEEKLY East
www.tvinsider.com December 18 - 24, 2022 | tv weekly
Karen David beams as she sits under a row of her husband's guitars hanging in the recording studio at their Los Angeles house. The title song of CBS’s new movie "When Christmas Was Young" (Sunday) had just dropped. Sheryl Crow wrote the tune, and David's husband, Carl Ryden, produced it.

In the film, set in Jackson Woods, Tennessee, David plays a single mom, fittingly named Melody, who has a lovely voice. Tyler Hilton plays a pushy music manager trying to save his career by publishing Melody's song. She refuses. Naturally, the magic of Christmas is initially lost on him.

David played Princess Isabella in Galavant, and Jasmine in Once Upon A Time. She stumbled across Christmas movies airing in the summer after moving to the States from London, where she studied.

"What I love about the films is that they're so easy to watch," David says. "Sometimes when you've had such a full day, and especially being on a show like Fear the Walking Dead, which is intensely different and dark at times, and certainly my character [Grace] has been through the wringer, you just want to decompress and just play something in the background."

David acknowledges she enjoys Christmas films but wasn't sure she wanted to star in one. Then she read the script and loved "the cheeky innuendos." Working with Crow, the experience harkened back to she wanted to star in one. Then she read the script and loved "the background."

Upon a Time. "What I love about the films is that they're so easy to watch," David says. "Sometimes when you've had such a full day, and especially being on a show like Fear the Walking Dead, which is intensely different and dark at times, and certainly my character [Grace] has been through the wringer, you just want to decompress and just play something in the background."

1. Tell us about a time you were starstruck.

2. What career would you want if you weren't a performer?

3. Have you had jobs besides acting and singing?

4. What three shows did you love growing up?

5. Where are you hosting a mythical dinner party where anyone can attend. Who is there?

Each baker is at a different stage of their competitive baking experience. However, all have their eye on the prize, with multiple creative categories to enter, blue ribbons to earn, and large cash prizes to win. Dr. Seuss’ The Grinch
8 pm on NBC

The 1966 animated adaptation of Dr. Seuss’ beloved yuletide tale narrated by Boris Karloff is incomparable in its simplicity, but this 2018 CGI-animated retelling has its own rewards, chief among them Benedict Cumberbatch’s sly — and completely un-Karlloffian — voice work as the title character. Other voices include Rashida Jones, Kenan Thompson and Angela Lansbury.

Curry leading the Warriors charge

Don’t look now but here come the Golden State Warriors. Indeed, after a slow start that saw them lose seven of their first 10 games, the defending NBA champs have caught fire. And leading the way in an 8-3 November surge has been their two-time MVP point guard, Stephen Curry.

In a 10-game span running Nov. 7-27, the eight-time NBA All-Star racked up some impressive numbers, averaging 31.7 points per game on 55.4 percent shooting, to go with 7.4 assists, 1.1 steals and 6.6 rebounds. And from three-point range, he was absolutely deadly, shooting at a 46.8 percent clip.

But beyond the stat line, there is also leadership. That was evident in a Nov. 27 game against the Minnesota Timberwolves, when Warriors forward Draymond Green got hit with a technical foul late in Golden State’s 137-114 victory for coming onto the court while mimicking an opposing player’s shooting motion. Less than a minute later, Curry intentionally incurred his own “T” for running onto the court waving a towel in a sign of solidarity with his longtime teammate.

For his part, Green appreciated Curry’s gesture, especially given that Curry doesn’t get many technicals. In fact, this was only his third of 2022-23 and it was a $2,000 fine he was happy to take.

Curry can be seen in action Tuesday, Dec. 20, when he and the Warriors pay a visit to Madison Square Garden to take on the New York Knicks in the opening game of a TNT doubleheader.

Cheers & Jeers

by Damian Holbrook
TV Guide Magazine

@damianholbrook

Cheers to home economics

for a priceless casting move. ABC’s squabbling-siblings comedy earns major bonus points for bringing in Happy Endings alum Casey Wilson (below) to guest star as flaky, funny-as-hell Harmony, the Hayworths’ surprise half sister.

Jeers to Big Mouth

lacking word of mouth. Anyone not raving about Netflix’s savvy and poignantly spot-on adult cartoon about the perils of adolescence should be grounded.

Cheers to Days of Our Lives

for giving us Hope—and Bo! At a recent fan event, Salem icons Kristian Alfonso and Peter Reckell finally confirmed their long-awaited return to Peacock’s soap.

Jeers to The Conners

for bumming us out. Again. Yes, the best art reflects real life, but poverty, opiate overdoses, spousal abuse, alcoholism and now dementia for Jackie’s (Laurie Metcalf) mom Bev (Estelle Parsons)? It’s like ABC’s reboot can’t help but take comedy a bit too seriously.

TV TRIVIA

Q: 1. Before playing an attorney in “Damages,” Glenn Close made her TV series debut in 2005 as police Capt. Monica Rawling on what cop drama?
A: The Shield

2. What Academy Award-winning actress starred as Supreme Court Justice Kate Nolan in the short-lived 2002 ABC drama series “The Court”?
A: Sally Field

3. What future “Elementary” lead played a prosecutor who went after Letitia Darling (Jill Clayburgh) on “Dirty Sexy Money”?
A: Lucy Liu

THE WEEK IN SOAPS

THE BEST IN SOAPS: 2022 EDITION

Hughes (Anna Devane) and Maura West (Ava Jerome Cassadine) deserve joint honors. Hughes was understatedly powerful as Anna watched an injured Peter August (Wes Ramsey) die. He was too evil to go on living. Meanwhile, West was a must-see as Ava ripped into her husband Nikolas Cassadine (Marcus Coloma) and Esme Prince (Avery Kristen Pohl) over their extramarital affair.

Best Actress: General Hospital actresses Finola Hughes (Anna Devane) and Maura West (Ava Jerome Cassadine) deserve joint honors. Hughes was understatedly powerful as Anna watched an injured Peter August (Wes Ramsey) die. He was too evil to go on living. Meanwhile, West was a must-see as Ava ripped into her husband Nikolas Cassadine (Marcus Coloma) and Esme Prince (Avery Kristen Pohl) over their extramarital affair.

Best Actor: Maurice Benard showed us this year that his GH mobster character Sonny Corinthos is back! Ultimately, Sonny’s a family man, and Benard gave a great performance as Sonny pleaded with his son Michael (Chad Duell) to put to rest the animosity he feels toward his father. On Days of Our Lives, Billy Flynn gave a heartbreaking tour de force as his character Chad DiMera mourned his murdered wife Abigail (Marci Miller).

Best Remotes: Economic realities haven’t stopped some soaps from shooting on location. The Bold and the Beautiful taped a breathtaking remote in Aspen, Colorado, featuring Ridge Forrester (Thorsten Kaye) and Brooke Logan (Katherine Kelly Lang) breakup. The show’s trip to Monte Carlo was the location for Dr. John “Finn” Finnegan (Tanner Novlan) and Steffy Forrester Finnegan’s (Jacqueline MacInnes Wood) heartfelt reunion.

Best Nod to History: On Days’ 57th anniversary, Julie Olson Williams (Susan Seaforth Hayes) mistakenly took a faux mink stole from a store thinking husband Doug Williams (Bill Hayes) had paid for it! The beat was a nod to Days’ first episode in which a teenage Julie tried to purposely swipe a fur from a local department store.

Best Returns: Soaps dipped into their rich histories by bringing back past favorites to drive current tales. The top returns were Susan Walters back as Diane Jenkins on The Young and the Restless; Emma Samms’ arc as Holly Sutton on GH; and Peter Reckell popping up as a ghostly Bo Brady on Days of Our Lives before showing up in the flesh on Days of Our Lives: Beyond Salem 2 on Peacock, NBC’s streaming service.

Most Shocking Move: In September, Days left NBC and started streaming daily on Peacock. The good news is that the show is not likely to be interrupted for breaking news. Go to peacocktv.com for more info.

Best Guest Spot: Linda Purl shined on GH as Peyton Honeycutt, the mother of Carly’s (Laura Wright) late pal Reese. In just a few episodes, Purl delivered a series of powerful performances that should earn her a slot at the Daytime Emmys next year in the Guest Actor category.

Best Soap: GH. The ABC sudser delivers on young romance (Trina/Spencer), compelling twists (Holly’s alive! Cody is Mac’s son!), medical maladies (Britt’s Huntington’s disease) and intriguing villains (Selina Wu! Ryan Chamberlain!), and wisely keeps series star Genie Francis (Laura Webber Collins) in the forefront — where she belongs.

Right now, most clinical information is not regularly shared with the researchers who are trying to uncover new information about cancer every day, but you can help change that. Patients can help accelerate research by sharing their data and unique experiences.

When patients stand together with researchers, they can unlock new discoveries and treatments. People with all types of cancer may be eligible to join Stand Up To Cancer, Count Me In and more than 7,500 patients who have already participated in this mission to accelerate the pace of cancer research.

Find out more and sign up to join the movement at StandUpToCancer.org/CountMeIn

Every winter, Michael J. O’Connor (Charles Ruggles), the second richest man in the world, vacates his 8th Avenue mansion for a warmer climate. And, every winter, Alysonia T. McKeever (Victor Moore), a homeless man, and his dog move in. This particular winter, McKeever meets Jim Bullock (Don DeFore) and offers to share the mansion with him. McKeever brings his daughter, Noel (Nafessa Williams) and Naomi (Sharon Leal) to keep the dys- functional family intact in this 2021 holiday comedy.

As the first passenger flight of Virgin Galactic inches closer, Richard Branson defends the benefits of privately funded space exploration and the paradoxes around Virgin’s eco-messaging in this series finale. With added insight from family members, business associates, and journalists, we see the ups and downs of a man driven by risk.

Some purists may sniff that 1942’s Holiday Inn, of which this 1964 musical is a partial remake, is a superior piece of work. The fact remains that this latter vehicle for Bing Crosby, Danny Kaye, Rosemary Clooney and Vera-Ellen has become a compulsory part of the yuletide celebration for millions around the world.

aries
(April 21 - May 20)
Jupiter’s return to your sign – until May 2023, will inspire you to grow and expand in new ways. You get a second bite of the cherry as missed opportunities from May through October are now back on the table, which is rare. So much of this week is about saying YES!

Taurs
(April 20 - May 20)
If you’ve been dreaming of a vacation or the chance to go somewhere different, this week’s astrology provides an opportunity to do just that. You might want to slow down, unwind or have a meaningful experience. Compromising the desire to be busy and the need to rest may cause some tension.

Geminis
(June 21 - July 20)
One of the difficult influences you’re facing astrologically is the fluctuations of energy and focus. This is the time to be patient and wait for the signs. When it comes to your career, professional ambitions or your overall life direction, opportunities are coming in thick and fast. You may not be ready to make a choice just yet, preferring to explore options. You need to strike while the iron is hot.

Cancers
(July 23 - Aug. 22)
A new moon in your career and life direction zone this week. There is a new moon in your career and life direction zone this week. There is a new moon in your career and life direction zone this week. There is a new moon in your career and life direction zone this week. There is a new moon in your career and life direction zone this week. There is a new moon in your career and life direction zone this week.

Leos
(Aug. 23 - Sept. 22)
You might be ready to sail off into whatever sunset you’ve got planned for the holidays. Planetary energy in your busy zone isn’t fully freed up yet, so you’ll need to rest and relax just yet. To say you’ve overstretched is an understatement. Compromises will allow you to have the best of both worlds.

virgos
(Sept. 23 - Oct. 22)
This time each year is your key month for spotlighting all things joy, happiness and fun. You might make more time for children, fun activities or simply doing more things you love like a pet project or passion. You might have to stretch yourself financially, but it will be worth it.

Libras
(Sept. 23 - Oct. 22)
When it comes to your relationships, this week may highlight joy and happiness as well as a little tension in equal measure. Accommodating the needs of everyone is your specialty, though to what point? How much you’re willing to compromise is a question to answer this week.

Scorpios
(Oct. 23 - Nov. 21)
A new moon arrives in your cash flow zone this week. While this can be an expensive time of year, you do get the chance to reset your money goals for 2023. You may have to work harder than you’d prefer. Some tasks, while seemingly thankless, do pay off!

Sagittarius
(Nov. 22 - Dec. 21)
A new moon in your sign will reinvigorate your personal energy and focus. At the same time, your patron planet Jupiter, arrives back in your fun zone. So what shall you wish for under your new moon? Wish for fun, joy and happiness and you’re sure to receive it.

Capricorns
(Dec. 22 - Jan. 19)
Now the peak of the silly season has come to close, it is now time to turn your energy inward toward home, family and your personal life. This isn’t just about the holidays, but also what’s happening in the sky.

Aquarius
(Jan. 20 - Feb. 18)
You’re called to extend yourself socially under this week’s new moon. In fact, the more you can network and socialize, the more opportunities you’ll set up for yourself next year. You may have to overstretch yourself a bit. The inspired action you take now will pay off next year.

Pisces
( Feb. 19 - March 20)
Before you fully wind down the year professionally, make a wish! There is a new moon in your career and life direction zone this week. Set intentions about how you’d like your life to look next year. Personal growth and more money are something that you’d like your life to look next year. Personal growth and more money are something that you’d like your life to look next year. Personal growth and more money are something that you’d like your life to look next year. Personal growth and more money are something that you’d like your life to look next year. ** Why Wasn’t ABC’s Avalon Picked Up? **

**Question:** Were you as shocked as I was to read that David E. Kelley’s Avalon won’t be going forward on ABC? It was ordered last winter without a pilot. I’m guessing ABC/Disney execs didn’t like what they saw. That’s sad, because many shows quickly improve after the pilot. I’m disappointed because I usually love DEK written-or-produced shows (L.A. Law, The Practice, Boston Legal, and now Big Sky), I see that the Avalon showrunners are shopping the show. We know it won’t be Disney-owned Hulu! On another note: This third season of Big Sky has been impressing me every week it airs. Here’s hoping for a fourth! —*Fred*

**Matt Roush:** I was surprised mainly because Avalon had received a straight-to-series order, so the execs must have loved the pitch. Or were so on board with being in business with Kelley when Big Sky took off that they’d take anything he’d offer them. (It doesn’t hurt that Avalon’s source material was a story by Bosch author-creator Michael Connelly,) I’m not privy to their decision-making process, but either the pilot didn’t measure up or the show may no longer fit their scheduling needs. Maybe they let a potential hit slip away. It’s been known to happen. And I’ll really be shocked if Big Sky doesn’t make it to a fourth season. The challenge will be to find another season-long guest star of Reba McEntire’s caliber.

For the Niners, first place in the NFC West is at stake. The NFL football team is jockeying for playoff position with teams like the San Francisco 49ers and the Dallas Cowboys. The Eagles drew first blood in their first meeting with the 'Boys back in Week 7, when Hurts threw for 159 yards and two touchdowns.
