In ABC's new *The Rookie: Feds* (Tuesday), Niecy Nash-Betts returns to her character of Simone Clark, the oldest rookie in the FBI Academy, who was introduced in an action-packed *Rookie* two-parter last spring. Clark, a whip-smart former guidance counselor, successfully schooled a new unit of special agents on thinking outside the box. Just like *The Rookie*, this spinoff is a perfect marriage of comedy and drama. Here Nash-Betts shares some insights.

This role just seems like it was penned directly for you. How comfortable are you in Simone's shoes? Man, I love Simone Clark's shoes. I love that she is fun. I love that she's funny. I love that she dances to the beat of her own drum, but at the same time she is intentional and driven. I love her. I love her so much. ... I had not seen this woman before. With less than 1% of African American women working for the FBI, I had not seen the story through this lens. I love that we find her in her second act, that her dream,

though deferred or delayed, still manifested. So she's making a life choice, a different career choice at 48. That's the time when most people are counting the days to their retirement. She's like, "No, let me begin again."

Where do we pick up with Simone? We pick up with her graduating from Quantico and waiting for her assignment, where she's going to ultimately be put. She graduates and heads to Los Angeles to start her new life.

What about that stigma she has about being the worst new training agent the FBI has ever had? Yeah. Well, you know what the thing of it is, she still doesn't listen. She's still allergic to listening. She feels like there is more than one way to get a job done. I say there's the FBI way and there's the Simone Clark way, because she feels like, "Not that I'm trying to buck the system, but why would we do that when we could just simply do this?"

A Few Things To Know About The New Season Of "Ghosts." By Mandi Bierly

When we last saw B&B owners Jay and Samantha (Utkarsh Ambudkar and Rose McIver) in *Ghosts* (returning Thursday on CBS), they'd just fallen through the floor of Woodstone Mansion into its basement. Will the accident give Jay the ability to see and hear the resident ghosts the way Samantha can (thanks to a near-death run-in with a staircase in the series premiere)? We're about to find out. Showrunners Joe Port and Joe Wiseman dish on what to expect when last season's top new comedy returns and the B&B welcomes guests. Here are a few things to know.

The ghosts make it their business to help.

In the opener, their offer to spy on a couple who have a history of leaving vicious reviews online splits Samantha and Jay. (Spoiler: They do it anyway.) While the spouses learn how hard it is to run a struggling new venture, "They're going to have some successes, too," promises Port.

More backstories are revealed in surprising ways.

Samantha launches a true-crime podcast to help Prohibition-era jazz singer Alberta (Danielle Pinnock) figure out who poisoned her. "We want to start introducing suspects," Wiseman says of the ongoing mystery. And the docuseries *Dumb Deaths* shoots an episode at the mansion. Teases Wiseman, "The ghosts will see how TV is made."

5 QUESTIONS with ...

Starz's glorious new drama *The Serpent Queen* (Sundays) follows the life of Catherine de Medici and her rise to power from an almost mail-order bride to the queen of France. Sharing the spanning role of Catherine are Liv Hill and Samantha Morton. Morton, who started her career as a teenager in Jane Austen and Charlotte Brontë movies, can personally relate to Catherine's survival story. The now-45-year-old mother of three (one 22 years old and acting herself) connects to Catherine's story personally. "In the U.K. you'd say I was very common. I was homeless as a teenager," Morton tells. "So when I was reading about Catherine's background and story, obviously I'm not royalty and I don't rule, but this idea that this person could have absolutely nothing and then progress to how she does in the story. ... I know how that feels." Here she answers our "5 Questions."

- **1.** What shocked you in learning about Catherine? When I read the scripts and I listened to the audiobook, I couldn't believe that I hadn't heard about this woman before. I mean, what a human being and what an incredible story, and it was true. And I was fascinated by her, shocked and inspired.
- You go from playing your role as Alpha on *The Walking Dead*, where you're bald and wearing a rotted mask, to these exquisite period costumes. What's harder to wear? Catherine's clothes because they're very heavy, they're very beautiful, they're very exacting. You're wearing corsets, and the heat of Georgia is tough with humidity. Atlanta, out there near Savannah, is really, really hot and you are melting, but the heat in the south of France is very brutal as well. It's 40 degrees [Celsius] and you're in a black, heavy wool dress with a corset on and the sun is beating down on you.
- **3.** Did you have a favorite in your wardrobe? Yes. I have a green dress that's one of my favorites. It was just breathtaking. Green and gold, really breathtaking. And in fact, I think, all of the costumes. When other people would come onto set, I was blown away, but certainly my clothes, they're works of art.
- 4. How long did your makeup process take? I was lucky because Nina, who did my hair and makeup, she's extraordinary, she would sew all the hair and it would take her a few hours, sometimes 10-12 hours to do one piece, sometimes a couple of days. And then my hair would be like that and they would just sew it onto my head. So actually, my hair and makeup took about 40 minutes, it wasn't that long.
- **5.** What do you think is the hardest part of being queen? For Catherine, she wasn't queen for that long; it's just everyone wants to kill you back then. Death is only a blink of an eye away and an awful death at that. So yeah, that was the hardest part, thinking about that.

CBS will premiere its new drama series *East New York* on Sunday, October 2 from 9:30 to 10:30 PM ET/PT. Amanda Warren stars as Deputy Inspector Regina Haywood, the newly promoted boss of the 74th Precinct in East New York. With family ties to the area, Haywood is determined to deploy creative methods to protect her beloved community with the help of her officers and detectives. But first, she has the daunting task of getting them on board, as some are skeptical of her promotion, and others resist the changes she is desperate to make. Regina has a vision that her precinct will not only serve their community, they'll become part of it. The series also stars Jimmy Smits, Ruben Santiago-Hudson, Kevin Rankin, Richard Kind, Elizabeth Rodriguez, Olivia Luccardi and Lavel Schley.

Nora is a successful lawyer at a high-profile Chicago law firm on track to make partner and Nikki is a streetwise, struggling actress who can barely pay her rent every month. When they stumble upon the dead body of the lead counsel in Nora's law firm, they sense an opportunity for impromptu undercover work, with Nikki agreeing to join forces to find the killer.

SPORTS ZONE By George Dickie

Betts leads the Dodger attack into October

In the conversation regarding NL MVP candidates, it's difficult to ignore Mookie Betts.

Indeed, as arguably the best player on the team with baseball's best record, the Los Angeles Dodgers' right fielder and leadoff hitter is in the midst of another banner year in a career that is seemingly filled with them.

As of the end of August, the six-time All-Star had tied his career high in home runs with 32 to go along with 101 runs, a .281 batting average, a .352 on-base percentage and a .917 OPS. Add in his sterling defense and the five-time Gold Glover is a legitimate candidate for baseball's most prestigious individual honor along with the Cardinals' Paul Goldschmidt and Nolan Arenado, the Braves' Austin Riley, the Padres' Manny Machado and Dodgers teammate Freddie Freeman.

Betts previously won the MVP Award in the American League as a member of the Boston Red Sox in 2018, when he batted .346 with 32 homers, 129 runs, a .438 onbase percentage and an eyepopping OPS of 1.078. His performance that year made him the only player in MLB

history to win the MVP, Silver Slugger and Gold Glove awards, plus the AL batting title and World Series in the same season. It's a standard of excellence that fans have come to expect from the 29-year-old slugger.

Betts and the Dodgers can be seen in action Sunday, Sept. 25, when they close out a three-game series against the Cardinals in a game streaming on ESPN+. FULL NAME: Markus Lynn "Mookie" Betts

BIRTH DATE: Oct. 7, 1992 **BIRTHPLACE**: Nashville, Tenn

HEIGHT/WEIGHT: 5 feet 9 inches/180 pounds

TEAMS: Boston Red Sox (2014-19); Los Angeles Dodgers (2020-present) POSITION: Right field BATS/THROWS: Right/

CHEERS TO LITTLE DEMON

for the wicked laughs. With Danny DeVito voicing Satan and Aubrey Plaza as the over-it mom raising his teen spawn (DeVito's real-life daughter Lucy), FXX has found a sinfully delicious animated series.

CHEERS TO What we do in The Shadows

for shining a light on Kristen Schaal's particular vein of comedy. As the Vampiric Council's goofy unnamed "Guide," the Bob's Burgers actress was the perfect addition to the FX comedy's just-wrapped fourth season.

for eating up too much real estate. Aside from a few WTF-worthy recollections from traumatized exes (and one family member), Discovery+'s docuseries about disgraced actor Armie Hammer felt like it was trying to stretch an hour of awful behavior over three episodes.

THE WEEK IN SOAPS

Melody Thomas Scott Brings "Y&R's" Nikki Newman To Sister Soap "B&B"

The most recent crossover with The Young and the Restless and The Bold and the Beautiful continues this week when Melody Thomas Scott brings her Y&R character Nikki Newman to B&B. The action began last week when Deacon Sharpe (Sean Kanan), one of Nikki's many ex-husbands, popped over to Y&R. TV Weekly

spoke to both Scott and Kanan about their onscreen reunion.

This is Nikki's *first* visit to *B&B*? How has this never happened before?

Melody Thomas Scott: I'm not sure why it took so long (you'd need to ask the powers that be) but I'm so glad that it finally did happen! It seems like almost everyone at *Y&R* has crossed over to *B&B*, so I was shocked when I received the call that it was my turn! Being a part of the Bell family legacy is something I never take for granted, so I was honored by Brad Bell's [head writer/executive producer, *B&B*] invitation.

What's it like working with each other again?

Scott: Sean is such a wonderful actor and brings so much creativity to his work. I loved working with him all those years ago and loved every

minute of shooting our scenes together this time around! It is an absolute pleasure to create "reality" with him.

Sean Kanan: We had a lot of fun working together. I really enjoy working with Melody; she's got a really fun sense of humor.

Deacon and Nikki had a very tumultuous relationship. Was there anything good about it?

Scott: Deacon was nothing but trouble for Nikki right from the start; not only did he lead her to fall off the wagon, but [he also] destroyed her marriage to Victor at the time. Nikki realized Deacon was bad news and got him out of her life, but not until after he manipulated her into marrying him!

How does Nikki feel about Deacon's helping Diane Jenkins (Susan Walters) fake her death? Nikki thought she'd killed her!

Scott: Deacon did some pretty terrible things to Nikki during their time together, but allowing her to take the fall for Diane's "death" was heinous and unforgiveable. Diane almost destroyed Nikki's life in faking her own death and Nikki is determined to make her pay ... with a little help from Deacon Sharpe.

Kanan: Nikki is a woman who's a class act. [Deacon is] genuinely remorseful for helping Diane. He wants to make amends; Nikki's not interested, but she *is* interested in getting information.

What might Nikki's reaction be to seeing *B&B*'s Bill Spencer (Don Diamont) and Katie Logan (Heather Tom)? (Diamont and Tom played, respectively, Brad and Victoria on *Y&R* for years.) Scott: Let's just say during her trip, Nikki runs into some familiar and *not* so familiar faces ...

HOROSCOPES BY YASMIN BOLAND

Donald Glover, a Libra (born September 25), of "Atlanta"

ARIES (March 21 - April 19) The new moon happening now is looking rather delectable for you. For a start, it's taking place in your love zone. Cue new beginnings with anyone and everyone in your life that you care about. Plus, it's triggering lucky Jupiter in your sign. This really could be your lucky week.

TAURUS (April 20 - May 20) Are you willing to do the work emotionally and mentally for a happier life? The energies this week are urging you to start all over again when it comes to your daily routines so that they're healthier and you're more functional. A little bit of meditation will go a long way.

GEMINI (May 21 - June 20) Truly, you have fun written all over your chart right now. The new moon this week is triggering your fun zone. Be more creative, get out and have some fun, do what lights you up. Plus, expansive Jupiter in your social life zone means more friends and more invitations.

CANCER (June 21 - July 22) You have all the elements needed to be a happy Cancerian this week. The new moon is triggering a precious part of your chart; the one that's connected to home and family, and where you feel you belong. Meanwhile, your career is going off like a frog in a sock.

LEO (July 23 - Aug. 22) Now's the time for you to change the way you think. Have you fallen into negative thought patterns? Once you start to listen to your self-talk, you might be surprised at how often even you, oh magnificent Leo, put yourself down. Change that and new worlds will open up for you.

VIRGO (Aug. 23 - Sept. 22) There's a new moon this weekend that's triggering the lucky planet Jupiter. It's also making you the lucky sign in some ways. Reason being, these two astrological events are straddling your two money

boxes. In other words, things really are looking up for you financially. Remember, hard work usually pays off.

LIBRA (Sept. 23 - Oct. 22) You truly have great stars this week. There's a new moon in your sign which means it's time for you to start all over again in terms of ... everything! Forget about the past and see this period in your life for what it can be – happier and feeling more loved.

SCORPIO (Oct. 23 - Nov. 21) After everything that you've been through in the past couple of years, do you think there might be a little bit of room for some self-help in your life? Perhaps a little bit of meditation or contemplation? Being more magical and intuitive? Your stars are urging you to get more cosmic.

SAGITTARIUS (Nov. 22 - Dec. 21) This week, be sure to write down three wishes. Choose the most important wish and turn it into an affirmation as though it has already happened. For example, "I love my new job and my new job loves me," if you're job hunting. Keep saying it. Magic is possible now.

CAPRICORN (Dec. 22 - Jan. 19) Some signs get all the luck, and this week, you're one of the luckiest signs. The new moon is triggering your ambitions zone. This is great news for you since Capricorns tend to have big plans. Go forward! Meanwhile your home life looks good, too. Life really can improve.

AQUARIUS (Jan. 20 - Feb. 18) Your stars this week are asking you to find a balance between where you are now and where you want to be. Making the most of your current situation is crucial. Don't take anything for granted on the home front. It's also a great time to book/take a vacation!

PISCES (Feb. 19 - March 20) As the planet Mercury retrogrades in your love zone, it's a really good time for you to get back in touch with people you've not seen for awhile. Reach out to someone this new moon where you could find everything works out for the best. Extend the hand of friendship.

ASK MATT

@TVGMMattRoush

Question: I am a fan of the new *Password* with Jimmy Fallon and Keke Palmer. The voice that says "the password is..." I can't seem to find the credit anywhere, but I swear it's the voice of Will Forte!! Can you confirm?? – Kim

Matt Roush: I can see where you could intuit a trace of Will Forte in the way the announcer whispers the password in each episode. But if you slow down the credits, you may be able to spot that the announcer is A.D. Miles, an actor-writer who was previously head writer for The Tonight Show Starring Jimmy Fallon and before that, Late Night with Jimmy Fallon.

Question: I found the third season of *The Orville* very uplifting. Not only did Seth MacFarlane write and produce good stories, he had stories about intolerance, hate, bigotry, and racism. However, they were balanced by acceptance, friendship, and forgiveness. Will he do a fourth season? – *Trish*

Matt Roush: Seth
MacFarlane hopes to. They
certainly took their time and
poured a lot of resources into
producing the third season,
and I'll be surprised if Hulu
doesn't commission a fourth.
From your description, it
sounds like the show has
finally evolved into the Star
Tirek homage it always wanted
to be, hewing to many of
Gene Roddenberry's most
humanistic themes.
