#### THE GREAT AMERICAN RECIPE Cooking Competition Anchors An Inspiring New Friday Programming Block On PBS. βy Jeff Pfeiffer

Beginning this week, PBS introduces a feel-good, all-American Friday night programming block headlined by two new, compelling and inspiring series. One of them is the six-episode, half-hour *American Anthems*, which recognizes and celebrates everyday heroes around our country with original songs specially written and performed in their honor.

Leading into American Anthems is the hourlong The Great American Recipe. This uplifting and emotional eight-episode cooking competition celebrates the multiculturalism that makes American food unique and iconic, embarking on a nationwide search for the Great American Recipe. And it's a different sort of TV cookoff that might have you tearing up at times from more than just any onions used in the recipes.

Hosted by Alejandra Ramos, a chef, food writer, and food and lifestyle contributor for the *Today* show, and with a judging panel comprised of chefs Leah Cohen, Tiffany Derry and Graham Elliot, *The Great American Recipe* mixes camaraderie with competition. It welcomes 10 talented home cooks, each of whom brings their distinctive flavor to every new challenge as they go head-to-head with their signature dishes – from family favorites passed down through generations to internationally influenced dishes that are quickly becoming mainstays in American culture – while also sharing heartfelt personal stories and the inspiration behind these recipes.

The finale will feature the finalists preparing an entire meal for the judges to make their ultimate decision, and the winning dish will grace the cover of *The Great American Recipe Cookbook*, which will also feature recipes from all the contestants and the show's host and judges.

"This is a show that's about love and family and connection," says executive producer Jilly Pearce. "The recipes tell the story of who we are. That was sort of the criteria that we were looking for when we were casting. ... I have never seen casting like this or had the response to casting that I had, and I know everybody else had. There were tears, and I think that speaks to the type of show that we're doing and the people that we're casting that I just don't think you see on other cooking competitions."

"This was a fantastic group," Derry agrees. "You have to have people who not only understand food and are great cooks, but [are] also great storytellers. ... It takes very special people to do what we did.

"Also, at the end of the day, you will be inspired to cook, that's for sure. You will be inspired. If not, you will be inspired to go find food at your local restaurants."

#### The End Draws Near For "Superman & Lois"

As Season 2 of The CW's *Superman & Lois* races to a dramatic close, all hell breaks loose in Smallville. "We kind of went crazy with the spectacle," showrunner Todd Helbing excitedly admits of the final two episodes.

In this Tuesday's action-packed hour, power-mad cult leader Ally Allston (Rya Kihlstedt) ramps up her plan to fuse the multiple universes at play in the series into one. Having already merged with her Bizarro World self, Ally has also figured out how she can gain even more powers – by draining those of Superman/Clark Kent (Tyler Hoechlin). "That forces everybody else to step up," Helbing teases. "He literally can't do anything." Clark's wife, Lois (Elizabeth Tulloch), their twin sons Jonathan and Jordan (Jordan Elsass and Alex Garfin), vigilante John Henry Irons

(Wolé Parks), and his daughter Natalie (Tayler Buck) run point on saving the day.

Still, global chaos reigns in the June 28 finale. Even after Clark and his bestie, Mayor Lana Lang (Emmanuelle Chriqui), rally their panicked neighbors into action, a series of unimaginable events threaten not just the Kansas town but also the very existence of mankind on Earth. "It's bonkers," says Helbing.

How (or if) Ally's onslaught is reversed is as secret as Clark's identity. What Helbing can reveal is that viewers will finally find out how *Superman & Lois* "fits into the Arrowverse." – *Damian Holbrook*

### 5 QUESTIONS with ...

THE COW GUY By Barb Oates

He's hard not to notice. First, it's his black-andwhite cow-patterned suitcoat. Then, there's his fashionable white-rimmed glasses. He's also a pretty sizable guy at 6 feet tall and 325 pounds. But really, it's his down-to-earth, relatable

approach to the market that makes the Cow Guy (aka Scott Shellady) a trusted source for financial news in his weekday series *Cow Guy Close* on RFD-TV (Monday-Friday at 2pm ET).

When did your cow-print jacket come into play? My dad wore it before I did because if you've ever seen *Trading Places* or any other trading movie, there's usually a visitors' gallery where people from the general public can come view what's happening. We still have a farm. At the time, it was a dairy farm when I was a kid, but we still own a farm in Illinois. We milked cows. My father wanted to remind all the people in the visitors' gallery that it's just not gambling. There actually is an important economic function taking place where we're setting the price of corn, butter, meat, milk, whatever. He knew that people would say, "Hey, what's the guy doing in the black-and-white cow jacket?" ... Then when he retired, I thought it would be really cool if I started wearing my dad's trading jacket.

2 Do you wear your coat, too, when you travel? I've traveled the world, and I get stopped in restaurants in Tokyo, airports in Singapore, all over Europe and in the States. It's just amazing. I'm terribly humbled by it because I never thought it could ever happen. ... I only ever wear a Holstein cow black-and-white shirt wherever I go now.

**3.** So what is your typical fan experience like? Oh, it's always good. My father was from a very poor background, so I've inherited that mentality. I look up at everybody, not down at anybody. It's not because I have to think about doing it, it's just my natural demeanor. I'm terribly blessed. I had my only daughter, a 17-year-old, she died at 17. My dad died two days after she did. I lost my little brother two years ago at the age of 51. There's tons of tragedy [in my life], but I am still the most blessed person.

**Do people have to be financially savvy to understand your show?** No. I pretend like I'm talking to my mom. My mom's not financially savvy. She's the artist in our family. I just pretend like I'm talking to my mom because everybody loves to put up barriers to entry to make themselves look smart. They'll put abbreviations like PPI, CPI, GEP and then not tell you what it really means because you're supposed to be intimidated. I think that sucks. I'd rather have you learn something.

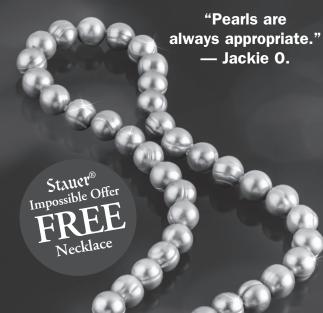

Soutside of the news and the economy, what do you enjoy watching on TV or streaming? I'm a history buff. I cannot turn off *Antiques Roadshow*. Anything, any show that's about good old country homes in England, I just love it. My wife and I, this is my second marriage, we got married four years ago, in a church in the Cotswolds. I do love the country. I like the city, but I guess I like them both. Having both is a great break from each other. I don't know if I can handle the city 100% of the time or the country 100% of the time, but I love the contrast. It's like a barbecue potato chip followed by a sour cream and onion. Each one makes the other one better.

"This ring is so much more clear and sparkly than my real diamond!" P.T. from Baltimore, MD

Platinum Edition limited to the first 1,499 responders to this ad only!

Now available in PLATINUM! Four total carats in rare platinum over sterling silver

### **URGENT: Diamond Ring Recall**

Experts warn that millions of rings may be "romantically defective" when compared to the spectacular 4 total carat Avalon Ring.

The loves natural diamonds. She Oloves you even more. But when even the skimpiest solitaires sell for as much as \$5,000, it's time to reconsider your relationship... with diamonds. Have you recently overpaid only to be underwhelmed? Send it back. You can do bolder. You can do brighter. You can own the Stauer 4 total carat Avalon Ring for under \$50.

If you want to make a romantic impression, go big. Cute doesn't cut it. Your love deserves to be wowed. If you're a billionaire with money to burn, turn the page. Everyone else? What you read next just might change your love life. There's only one way to find out...

We rewrote the rules of romance. Only Stauer's exclusive diamond alternative gives you the luxury look of large-carat diamonds for a fraction of the price. The ingenious process involves the use of rare minerals heated to incredibly high temperatures of nearly 5000°F. After cutting and polishing, scientists create a faultless marvel that's optically clearer with even more color and fire than a "D" flawless diamond.

Scintillating in sterling silver. Our quest for perfection doesn't end in the lab. Passionate designers bring inspiration from history books and Fifth Avenue showrooms to every inch of the Avalon Ring. The ring features a classic round-

**SHOWTIME** will premiere the second season of the catand-mouse drama series We Hunt Together on Sunday, July 3 starting at 7:30 PM ET/ PT with the first of two new episodes. From BBC Studios Drama Productions, the Londonset series stars Eve Myles, Hermione Corfield and Babou Ceesay. Joining the series is Colin Morgan. Season two picks up with conflicted odd couple cops DS Lola Franks (Myles)

and DI Jackson Mendy (Ceesay) dead set on nailing Freddy Lane (Corfield) for her murderous role in their last case.

Food Network is set to debut its new high-stakes, high drama series **Me or the Menu** on Thursday, June 30 at 10 PM ET/PT. The series finds four couples and shines a spotlight on some of the reasons that approximately 60 percent of restaurants fail and nearly 50 percent of marriages end in divorce. While some of the featured couples have just opened the doors of their new restaurants, others are diving-in headfirst hoping to make it to opening day. Despite being at different stages of their journeys, each couple feels the pressure to make their business and their relationship a success, which may prove to be the ultimate test.

Kelly Ripa hosts the new comedy guiz game show, **Generation Gap**, from Emmy<sup>®</sup> Award-winning producers Jimmy Kimmel and Mark Burnett. The new series premieres on ABC Thursday, July 7 at 9 PM ET/ PT, pairing teams of seniors and juniors and challenging them to answer questions about pop culture from each other's generations. This will be both interesting and fun.

**HGTV** taps Christy Lee to star in its new six-episode home renovation series, Steal This House, set to premiere Saturday, July 9 at 9 PM ET/PT. Christy sees renovation possibilities in the most unexpected, inexpensive properties and will work to turn them into astonishing homes. She will prove to clients that it's worth the risk to buy low and spend high, but it must be done while staying within budget.

The Emmy<sup>®</sup> Award-winning documentary series Who Do You Think You Are? will return to its original NBC home on Sunday, July 10 from 7 – 8 PM ET/ PT. Each week a different celebrity guest will go on a poignant search to trace their family tree with the help of genealogists, historians and experts, unlocking past mysteries and unbelievable real-life stories across the world and through time.

#### Superman & Lois 8 pm on CW

The Earth faces another apocalyptic threat as this DC Comics-based superhero drama nears the end of its sophomore season. The show's writers took an even bigger swing recently, though, by having Clark Kent (Tyler Hoechlin) reveal to old flame Lana Lang Cushing (Emmanuelle Chriqui) his secret identity as the Man of Steel.

#### Jon Stewart: The Mark Twain Prize 9 pm on PBS

Comic and satirist Jon Stewart becomes the 23rd recipient of this prestigious award that recognizes persons who have had an impact on American society in ways similar to 19th-century novelist and essayist Samuel Clemens, better known as Mark Twain, his adopted pen name.

#### Who Do You Believe? 10 pm on ABC

To the casual observer, an up-and-coming neighborhood in Detroit looks like a sunny mini-oasis that suggests a new start for members of the tightknit community. Alas, however, not everything is as it seems. When newcomer Chaz moves into the neighborhood, almost immediately he finds himself at odds with Marc, who lives next door.

#### 'Flying Squirrel' McNeil has Mets aloft in NL East

In sports, there is the term "regression to the mean" and it applies to teams or players that overperform one season and are expected to come back to earth the next. So it would follow then, that underperforming squads or players should enjoy a progression to their mean.

No one has exemplified that more this season than the New York Mets and their second baseman Jeff McNeil. Coming off a forgettable 2021 campaign, both the player and the team are playing to their talent level this year and the result is a wide lead in the NL East through the season's first two months.

As of late May, the man nicknamed "The Flying Squirrel" was hitting .319 with three home runs, 26 RBIs, a .374 on-base percentage and an OPS of .871. He attributes much of his success in 2022 to just trying to put the barrel of the bat on the ball and not swinging for the fences. He's also been proficient at "hitting 'em where they ain't" or aiming his hits at the holes created when an opposing team puts a shift on him.

He was the subject of trade rumors this past winter coming off his worst season in the bigs, when he hit .249 with seven homers, 35 RBIs, a .317 on-base percentage and an OPS of .671 in 120 games. Not surprisingly, a lot of teams were interested, figuring they could buy low on a player due to progress to his mean, which in this case is a .301 career batting average, .365 on-base percentage and .824 OPS. Luckily, the Mets smartened up.

McNeil and the Mets can be seen in action Monday, June 20, when they conclude a four-game home series against the Miami Marlins in a game airing on MLB Network.

### THE WEEK IN SOAPS

#### Will "The Young And The Restless" Star Peter Bergman Take Home His Fourth Daytime Emmy On Friday?

© 2017 CBS Credit: Monty

Peter Bergman, who plays Jack Abbott on *The Young and the Restless*, has much to celebrate this year. The fan favorite is not only nominated for a Daytime Emmy for playing Jack in the category of Outstanding Lead Actor, but he's also celebrating the return of costar Susan Walters to the role of Diane Jenkins.

As longtime *Y&R* fans recall, Diane, at the time played by Maura West (now Ava on *General* 

*Hospital*), met her maker after getting "killed" by Nikki Newman (Melody Thomas Scott) in self-defense back in 2011. We saw Diane's corpse onscreen. However, earlier this year, *Y&R* asked viewers to suspend disbelief after the show rehired Walters to reprise Diane. Her return has energized the canvas.

"Everywhere Diane goes, things go wrong," Bergman says. "There is tension, drama and something fun to watch. I can't say enough good things about Susan Walters and her work. I have thoroughly enjoyed watching her blow up Genoa City."

The actor acknowledges it's a lot to ask viewers to accept Diane's

resurrection, but he feels the character getting the Lazarus treatment has been more than worth it. "If we give [viewers] story, they won't care," theorizes Bergman, who hastens to add, "I don't say that to minimize the audience."

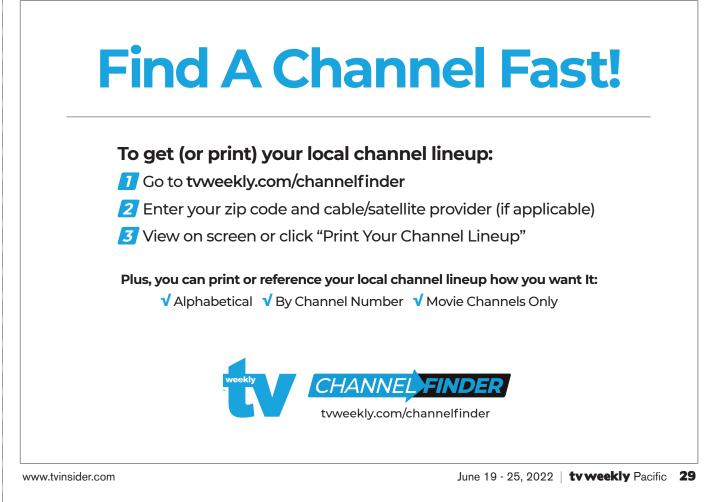

Bergman's current nomination is his 23rd in the category of Outstanding Lead Actor. He took home the statuettes in 1991, 1992 and 2002. Susan Lucci, who played Erica Kane on *All My Children*, presented Bergman with his third trophy.

"That was a very poignant moment for me," he recalls. "My first nomination was [in 1983] for playing Cliff [on *AMC*], but I wasn't able to go because I was performing in a production of Shakespeare's *As You Like It* that night."

This year, the Daytime Emmys are set to return to a live broadcast on Friday at 9pmET/PT on CBS. "I'm happy about that," Bergman says, wryly noting that in past years the show was either on the internet, cable or not at all! "I'm glad that the audience doesn't have to try to find out where it is."

As for what's on his reel, Bergman says he changed strategies a bit this year. "I submitted an episode in which Jack has had one glass of wine too many and, in his loneliness, he shares [with Phyllis, Michelle Stafford] that he never stopped loving her. It was one of my favorite things I've ever done – it's well written, honest, simple and a bit heartbreaking."

If time permits during the awards telecast, there may be an inmemoriam tribute featuring some of the greats the soap world has lost over the last year, including *Guiding Light* stars Lisa Brown (Nola) and Jerry verDorn (Ross), and also Kathryn Hays (Kim, *As the World Turns*). "All three of those were giants in our industry," Bergman respectfully says.

# **The Invention of the Year** The world's lightest and most portable mobility device

Once in a lifetime, a product comes along that truly moves people. Introducing the future of battery-powered personal transportation ... The Zinger.

Throughout the ages, there have been many important advances in mobility. Canes, walkers, rollators, and scooters were created to help people with mobility issues get around and retain their independence. Lately, however, there haven't been any new improvements to these existing products or developments in this field. Until now. Recently, an innovative design engineer who's developed one of the world's most popular products created a completely new breakthrough . . . a personal electric vehicle. It's called the *Zinger*, and there is nothing out there quite like it.

"What my wife especially loves is it gives her back feelings of safety and independence which has given a real boost to her confidence and happiness! Thank You!"

-Kent C., California

The first thing you'll notice about the *Zinger* is its unique look. It doesn't look like a scooter. Its sleek, lightweight yet durable frame is made with aircraft grade aluminum so it weighs only 47.2 lbs. It features one-touch folding and unfolding – when

folded it can be wheeled around like a suitcase

The Zinger folds to a mere 10 inches.

and fits easily into a backseat or trunk. Then, there are the steering levers. They enable the *Zinger* to move forward, backward, turn on a dime and even pull right up to a table or desk. With its compact yet powerful motor it can go up to 6 miles an hour and its rechargeable battery can go up to 8 miles on a single charge. With its low center of gravity and inflatable tires it can handle rugged terrain and is virtually tipproof. Think about it, you can take your *Zinger* almost anywhere, so you don't have to let mobility issues rule your life.

Why take our word for it? Call now, and find out how you can get a *Zinger* of your very own.

#### HOROSCOPES BY YASMIN BOLAND

a Cancer (born June 21), of "Yellowjackets"

ARIES (March 21 - April 19) This week, think about how you are thinking. You currently have a great blessing in your horoscope which will help you think positively - so use this blessing and focus on the good things in life. See how it makes you feel. True, heart-felt positivity really can change your life!

TAURUS (April 20 - May 20) If you believe that life is a little bit magical, keep reading! This week there are some super cosmic energies around and they are affecting you. You have a chance to change your life, to improve your love life, and to make life more of an adventure. Believe in magic.

GEMINI (May 21 - June 20) This week sees the planet of love and abundance, Venus, moving into your sign. If you think that sounds kind of exciting, you're absolutely right. It heralds the start of a period where you should feel more loved, loving and lovable. It's a potentially lovely week for you. Open your heart.

CANCER (June 21 - July 22) There is currently so much goodness in your horoscope. For one thing, the sun is moving back into your sign so you should start to feel rejuvenated and revitalized. Moreover, you have marvelous energies around both your friendships and your most important relationships, including a romantic partnership. Love abounds!

LEO (July 23 - Aug. 22) There are a lot of very positive energies around but rather than getting out and lapping them up, you would do well to just get centered. Take a moment to appreciate all the good things in your life. Look back over the past 12 months. Contemplate how far you've come.

VIRGO (Aug. 23 - Sept. 22) Your social life is looking better and better but guess what? Your working life is also taking off. You could be very popular around the office, if you work. Also a good

time for any Virgos who are job seeking. Overall, money, work and friendships look blessed. Have some fun

LIBRA (Sept. 23 - Oct. 22) The energies this week are pretty good and for you they could translate as better days at work and also more money for all your efforts. Now is the time to focus on your professional ambitions. What do you want to achieve in the next 12 months? Make a plan!

SCORPIO (Oct. 23 - Nov. 21) Every now and then the skies give us a chance to make some big changes in our personal life. That's happening for you now. Single? It's a great time to meet someone. If you're already attached, it's a great time to go deeper with your partner. Express your feelings!

SAGITTARIUS (Nov. 22 - Dec. 21) This is the week for you to tell someone important how you feel. Hopefully it's someone you love and you're letting them know how much they mean to you. If you're single and wondering whether or not to declare your interests, the skies say do it! Be lovey-dovey.

CAPRICORN (Dec. 22 - Jan. 19) Things look good for you in terms of your most important one to one relationships, and also when it comes to your home and family life. You're a hard worker and take life very seriously. This week, give yourself some time off for good behavior. Seek out people you adore.

AQUARIUS (Jan. 20 - Feb. 18) You have a chance to reorganize your life and rethink your daily routines. We're talking about the minutiae that keeps life ticking over. With Saturn still in your sign, there's never been a more important time to do this. What would make you feel like your life is more functional?

PISCES (Feb. 19 - March 20) Tempting as it might be to take care of business, this week your stars strongly suggest you cut yourself a break and have some good old-fashioned fun. Focus less on any worries, troubles, concerns and/or difficulties, and instead aim to have more fun. Create happy memories with the people that you love.

ASK MATT

# WHY IS ABC BENCHING THE WONDER YEARS?

Question: I hadn't watched The Goldbergs regularly in a long time, but I decided to turn on the graduation season finale and then ended up watching the finale of The Wonder Years. I generally tend to avoid revivals of shows I never saw (I was 5 when the original went off the air), but I know you've recommended it, so I shouldn't be surprised about how easy it was to watch and become invested in this family. It felt emotionally honest, warm, and funny. But after watching this, I felt like Abbott Elementary and The Wonder Years together would make an appealing hour if they were paired together. So why bench Wonder Years for the fall and give Abbott the tired Goldbergs as a Wednesday lead-in? - Jake

# Matt Roush: It is

disappointing for The Wonder Years to sit out the fall, but I reckon that ABC's reasoning would be that even though linear scheduling doesn't matter as much as it used to, there's an upside should longtime fans of The Goldbergs possibly stumble upon Abbott Elementary (the way you did The Wonder Years), making it an even bigger Season 2 hit. (I'm also hoping Emmy nominations will continue to raise Abbott's profile.) I agree Abbott and Wonder Years would make an excellent hourlong comedy block, and maybe that could happen by midseason or when ABC decides to finally retire The Goldbergs.

# Two Tickets to Paradise

8 pm on HALL Premiere

Hannah and Josh (Ashley Williams, Ryan Paevey) meet on what feels like the worst day of their lives. Both have been left

at the altar on their wedding day, but when they run into each other in a park while trying to process their shock, they discov-

er that they are heading to the same honeymoon location.

# He's Not Worth Dying For

# 8 pm on LIFETIME Premiere

Isla (Rachel Boyd) already has a following as an online influencer, while the more introverted Grace (Hilda Martin) looks like a lock as her class valedictorian. Both girls are shocked to discover the same boy, Jake (Lachlan Quarmby), is dating them both, sparking a quickly escalating feud between the girls.

# Slime Cup 8 pm on NICK

Top-ranked pro golfers Collin Morikawa, Lexi Thompson, Jon Rahm and recent PGA Championship winner Justin Thomas are the team captains in this new "tee-riffic" golf competition, wherein four teams of three vie on a "Nick-ified" golf course as they make their way to an unpredictable final round, which is played inside Rose Bowl Stadium in Pasadena, Calif.

# First Blood 9 pm on A&E Series Premiere

This new true-crime docuseries looks at some of the most notorious serial killers in American history through the lens of their first murder, which may reveal what drove them to that violent moment. The series premiere puts the spotlight on a deadly female in *Aileen Wuornos: The Damsel of Death.*

# New 'Knee Candy' Can Rebuild and Relieve Aching Joints

Harvard doctor makes new breakthrough with dual-action formula that can restore healthy knees. Delicious pain killinggummies available now without a prescription.

**US** - A new formula gets an early release to help Americans cope with stiff, aching knees and joints that get worse as we get older. It comes with two breakthrough ingredients that have been shown to both relieve pain and restore tissue in the knees for smooth, painless movement.

According to it's creator, Dr. Patrick Conrad of Harvard University, was inspired by a recent discovery in how inflammation works. Research shows that overthe-counter painkillers don't address a certain type of inflammation common in the knees.

When this type of inflammation is happening, the healing process for the cartilage in the knee never gets started. This new formula soothes this type of inflammation, allowing the rebuilding process to restore healthy knees.

"This is a major breakthrough for how we treat pain and aging joints," explains Dr. Conrad.

"It explains exactly why those painkillers we've been taking for de-

cades aren't helping actually heal our joints. They only provide temporary relief," he says from his clinic in Florida, "In fact those painkillers are stop-

ping the healing process from ever getting started."

# New Breakthrough In How We Treat Painful Joints

Inflammation is actually a natural process that is essential for normal body function. Normally, inflammation is the first phase for healing injuries. Inflammation brings white blood cells and swelling to attack the injury.

Then as inflammation fades away the body begins the rebuilding process to restore the tissue. But with chronic inflammation, the rebuilding process never begins because the inflammation never fades away.

And over the counter painkillers make the problem worse because they only address one type of inflammation. The remaining inflammation stays and the body never actually heals the injured area.

"That's why this breakthrough is so critical. My new formula reduces all types of inflammation in aging joints, and kickstarts the actual healing process instead of delaying it," Dr. Conrad explains "Now the joint can actually heal with new tissue. We're treating the root cause of the problem, which is wear and tear in the knee. Before we were just treating the symptoms – which is the pain you felt."

# Dual Actual Formula Soothes Pain & Heals Joints

Dr. Conrad created this formula after discovering two ingredients that can soothe all types of inflammation and support healthy joints. The first one is so old it was present at the birth of Jesus Christ.

It's called boswellia, but it's also known as frankincense. Boswellia has been studied extensively for its healing properties.

One shocking study shows that patients who took boswellia had 68% less pain, inflammation markers went down 57%, and patients were able to walk 36% farther.

And this was after just one month of use. But the real shock came when they looked at patients' x-rays. The x-rays showed thicker cartilage, almost no bone spurs, and practically rebuilt knees. Boswellia made the patients feel like they had 'new knees' in addition to soothing their pain.

## Previously Banned Ingredient Jump Starts The Healing Process

CBD was illegal for years, but recently has been legalized. And it's a good thing too, because research shows it can help soothe pain and rebuild aging joints.

CBD stimulates the endocannabinoid system, which supports the inflammation and healing process throughout the body. One study showed that CBD reduced inflammation markers by 78% in just a few hours.

Plus CBD is a natural muscle relaxer. This is critical for allowing proper blood flow to rebuild stiff joints. Blood flow brings the building blocks that allow knees to rebuild.

And CBD allows pain suffers to get deep sleep. The vast majority of healing happens while we sleep, so it's critical that we get enough sleep.

And users report they get better sleep because they have less joint pain.

## JointRestore Combines These Two Powerful Ingredients

Dr. Conrad spent years sourcing the right mix of boswellia and CBD for maximum results. He found that many boswellia strains had lower levels of the active ingredient needed. And many CBD oils had no additional cannabinoids, like CBG or CBN, which have powerful healing effects on their own.

"I can honestly say JointRestore is like-

THOSE WHO HAVE TRIED THIS FORMULA CAN'T BELIEVE THE DIFFERENCE IN THEIR KNEES AND JOINTS: Studies have these ingredients can soothe pain in aging knees and joints. They have also been shown to help rebuild cartilage and joint material for long term health and comfort. The combination is helping people move without pain.

> ly the highest quality, most bioavailable formula of boswellia and CBD you'll ever find," Dr. Conrad says, "This has helped thousands of people get back to exercising, playing the sports they love, and walking long distances without pain."

> Plus, it comes in a delicious gummy that is easy and fun to take. Clients who are sick of taking handfuls of pain pills are loving this easy, effective solution.

"I was really skeptical, but JointRestore did exactly what Dr. Smith said it would. I was always in terrible pain getting up and down from sitting or laying down. Walking was painful after just a few steps. Now I pop right up without pain and I'm playing tennis on the weekends!" - Judith Markowitz, age 64.
