Yellowstone: The Final Season

"Cowboys don't say goodbye. They say, 'See ya later,'" promised stoic ranch manager Rip Wheeler (Cole Hauser) in the fourth-season finale of *Yellowstone*. The contemporary Western saga about the rich Dutton cattle-ranching family — of which Rip was an honorary member even before he married his longtime love, Beth Dutton (Kelly Reilly, pictured above right) — ends its amazingly popular run with the second half of Season 5, which begins Sunday, Nov. 10 on Paramount Network. "This year is about picking up the pieces and putting them back together and trying to move on," Hauser tells. "My storyline is totally different. Kelly's as well."

The most glaring change is the absence of Beth's dad, who is also Rip's boss and mentor. Oscar winner Kevin Costner, who played stern ranch patriarch John Dutton, is not returning for the final six episodes.

John's violent defense of the Montana ranch from developers and the local tribe has been the show's driving force. Beyond that John has put pressure on his children to continue the Dutton legacy: loyal rainmaker Beth, lawyer Jamie (Wes

Bentley), who has turned against his kin, and former Navy SEAL Kayce (Luke Grimes, pictured above left). Without John, Hauser reveals, "you're going to see a side of Rip you haven't seen. He's running the ranch, being supportive of Beth, helping Kayce, doing all the things that John would want. He takes the responsibility very seriously, and I love that about this year for him."

The last time we saw them, in January 2023, the newlyweds said farewell as Rip and other hands headed to Texas with the herd. Beth stayed behind as chief of staff for her dad, who was reluctantly serving as the governor of Montana. In a brutal backstab, attorney general Jamie had moved to impeach John, and Beth and Jamie, who have decades of bad blood, separately vowed to kill each other. Hauser promises that all the battle-scarred characters' journeys will end in some kind of unity. "[Producer] Taylor [Sheridan has] done a great job again this year of bringing those people back together," Hauser says. "It ends the right way, where everybody has a moment that he has given them to appreciate what has happened."

Laughs Are Plenty In "St. Denis Medical!"

Dunder Mifflin meets "Do you have insurance?" in the latest workplace mockumentary *St. Denis Medical* (beginning Tuesday, Nov. 12 on NBC), from executive producer Justin Spitzer (*The Office*) and showrunner Eric Ledgin (*American Auto*). This time, it's the healthcare industry under the microscope as an unseen camera crew tracks the staff of the regional titular hospital "in kind of Anywhere, USA," says Ledgin. The personnel include long-suffering supervising nurse Alex (*Fargo's* Allison Tolman), egotistical trauma surgeon Bruce (Josh Lawson, *Superstore*), newbie RN Matt (*Jury Duty's* Mekki Leeper), ER doctor Ron (national treasure

David Alan Grier) and bureaucratically backward executive director Joyce (*The Goldbergs'* Wendi McLendon-Covey). Expect a ton of gallows humor, along with a healthy dose of heart and, given how many patients come in and out of ERs, a steady rotation of guest stars.

Maria Menounos Takes Us To "Christmas At Plumhill Manor"

Former *Extra* and *Access Hollywood* host Maria Menounos' real life could be a storyline for her own holiday movie. The Greek actress met her husband, Keven Undergaro, about 20 years ago when he was making his first movie. Today the power pair has combined their love for making movies with their love of holidays in helming their new production company We Heart Holidays. Their first film debuts this month — *Christmas at Plumhill Manor* (Saturday, Nov. 16) — and kicks off Lifetime's annual It's a Wonderful Lifetime movie event.

Menounos stars as Margot Stone, a New York architect who inherits a manor in London's countryside, where she is forced to leave the rigors of her busy career behind. "She's a fish out of water, as this is the countryside in London, where people have different goals and dreams there," Menounos tells. "Seeing how they have all these fun events in town and everybody gets together and there's community, she's like, 'Wait, there's a whole other life that I could be living and it could be so much more fulfilling ... because it's not just about career and money.'"

The film's premise hits home with Menounos, who survived a nonmalignant brain tumor and has since retreated with her family to her oasis in Connecticut, surrounding herself with "good people and good conversation," eating from her garden, being at peace and slowing things down. "We grow up and we're taught to achieve. We're taught to succeed. We're taught to win, we're taught to get all A's and get a big job, make a lot of money. And when it comes to your health — your physical, your emotional, your spiritual health — that's not even a consideration until something happens."

She shares that message and self-help advice from doctors and industry experts in her podcast *Heal Squad*. And her love for the holidays, as well. "It's a dream state when you get to watch people in their cozy flannels and they're having cocoa and they're with their families and it's everything that we want," she concludes. "I want people to know that dream can exist anytime you want it. We don't have to be stuck doing stuff we don't love. And living in places we don't love and doing things with people we don't love. We can do so much out there. It exists."

with Rick Gables

PBS will debut the new 2-part, 4-hour documentary *Leonardo da Vinci* on Monday and Tuesday, November 18 & 19 from 8 to 10pm (check your local listings). Directed by Ken Burns, Sarah Burns and David McMahon, the film explores the life and work of the 15th century polymath Leonardo da Vinci. As Burns takes on his first non-American subject, we look forward to his story-telling perspectives

Courtesy of La Galleria degli Uffizi for PBS

of Leonardo's art and scientific explorations. This team of three talented directors will use split screens with images, video and sound from different periods to further contextualize the story. Also utilized are an international group of experts, as well as others influenced by Leonardo who continue to find a connection between his artistic and scientific explorations and life today. The documentary brings the artist's towering achievements to life through his prolific personal notebooks, primary and secondary accounts of his life, and on-camera interviews with modern scholars, artists, engineers, inventors, and admirers. The included painting of da Vinci has always been labeled "artist unknown." Can't help but wonder if it is a self-portrait.

ABC will air *The 58th Annual CMA Awards* from Nashville's Bridgestone Arena on Wednesday, November 20 from 8 to 11pm ET and next day on Hulu. Hosted by Luke Bryan, Peyton Manning and Lainey Wilson, we always look forward to *Country Music's Biggest Night™*. In addition to the awards presentations, the many performances throughout the evening are exceptional.

NBC will premiere the new season of *Night Court* on Tuesday, November 19 at 8:30pm ET/PT. In this well-done remake of the original comedy series, Judge Abby Stone (Melissa Rauch) oversees the night shift of a Manhattan arraignment court, the same judge's position her late father held. Abby has enlisted former night court district attorney Dan Fielding (John Larroquette) to serve as the court's public defender. They both contend with Julianne Walters (Wendie Malick), a reformed convict and former love interest of Dan, who is the new prosecutor. Along with a supporting cast of comedic characters, we are promised many more laughs in the new season.

5 QUESTIONS with ...

DREW AND JONATHAN SCOTT

By Jacqueline Cutler

Jonathan and Drew Scott, who can fix, build, reconfigure and design just about anything, have long been the dream team because they get everything done with style and on time. The duo are behind numerous shows on HGTV, from *Property Brothers* and the recent *Celebrity IOU* to their newest series *Don't Hate Your House With the Property Brothers* (premiering Wednesday, Nov. 13). The identical twins spoke over Zoom from Drew's L.A. house to answer our "5 Questions."

1. How was *Celebrity IOU* different for you? *Jonathan:* Every season, I'm amazed at the roster of talent that we can get. None of these celebrities get paid — Brad Pitt, Melissa McCarthy, it doesn't matter. They all do it for free because they care about the recipients, and they want to do something kind for them.

2. What were some memorable moments from the season? *Drew:* Mandy Moore, she's this sweet, little, adorable angel. Everyone loves her. And we've been a fan of hers for a long time. I was excited when she came forward with a story. It's funny when you see the other side of them, because Mandy is so sweet. That's what everybody knows her for. But then when she was ripping apart the old space, and she's climbing up and putting a new awning in, she's badass. I was trying to squeeze in as many names of her songs, her hit songs or her shows.

3. Who else impressed you? *Jonathan:* We love Tony Hawk. He's one of the greatest athletes and a super nice guy. When you have him on and you spend all this time together, you realize that somebody is what you hoped they would be. He is the most genuine, sweet guy and doesn't even realize he's a celebrity. That's the kind of stuff that I really love.

4. What's your ideal day? *Drew:* To be at home when the kiddos wake up. We have a 2-month-old and a 2-year-old, and so to be there to do breakfast, kind of get them ready in the morning. And our 2-month-old is now at the point where she'll react, she'll lock eyes with you, and then she'll smile. We love helping families — that's what we do — but then at the end of the day, I like to be able to be back home to have dinner with the kiddos and Linda.

5. What renovation would you love to take on and just haven't done yet? *Jonathan:* My ultimate dream is to restore a castle. We are Scottish, and I've always loved travel. [Months ago], Zoey [Deschanel, his fiancée] and I were in France, and then we were in England, and the architecture and these beautiful buildings, and then a lot of them are falling apart. So that, for me, would be incredible — to restore a castle and then clearly hold on to it.

Ryan Murphy, a Scorpio (born Nov. 9), co-creator of "Doctor Odyssey"

You can take all your current issues and let them feel like burdens or you can ask yourself what lessons you're meant to be learning. Live consciously!

LIBRA (Sept. 23 - Oct. 22)
If you want life to go in your favor, here's a top tip: love yourself. Luckily most Librans are pretty good at this. The more you love yourself, the more life is going to unfold as you want it to. You're reading this for a reason. Pay attention!

SCORPIO (Oct. 23 - Nov. 21)
A reminder that the latest New Moon is in your sign, so you are very much in a new cycle now. Try to forget about whatever's happened in the past, look at where you are now and compare that to where you want to be. Take small steps in that direction every day.

SAGITTARIUS (Nov. 22 - Dec. 21)
Love is in the air for you this week. In fact, it's in the air for you for the rest of the year and beyond. However, you just need to make sure you're not flipping over into the "so much love someone feels smothered" category. Breathe!

ARIES (March 21 - April 19)
There are times when it's tough to be Aries. You guys are so impulsive and you do tend to get a little bit over excited! But there are also times like this week when it's a complete blessing. You're dynamic and driven and you're also in line for some brilliant healing.

TAURUS (April 20 - May 20)
Your finances could go either way this week, depending on how you're behaving! If you know you're overspending, it could be time to pay the price, so to speak. If you've been working hard to sort yourself out financially, that can happen now. Also, expect a new relationship start.

GEMINI (May 21 - June 20)
The November New Moon is encouraging you to get your life together! That might sound harsh, but it's not meant to. It's just time for you to get your routine straightened out so you feel functional as we stare down the barrel of the end of the year. Get organized.

CAPRICORN (Dec. 22 - Jan. 19)
You have to tread really carefully this week. Remember that you are a super powerful person and you can really impact others with anything you say and do. Any temptation to go in 'all guns blazing' this week should be dampened. This intensity will soon pass.

AQUARIUS (Jan. 20 - Feb. 18)
Things are not quite as intense as they're going to be soon, but they are amping up. Mars is moving into your opposite sign, so the temptation to shout when you could talk firmly is going to start to rise up. I'm pretty sure you know what to do.

CANCER (June 21 - July 22)
Just when you thought all your relationship dramas were well and truly over, here comes one last mini crisis. Please remember that whatever happens this week in any of your most important personal or professional relationships is not sent to derail you. Think of it as a healing crisis.

PISCES (Feb. 19 - March 20)
You have pretty good stars at home and at work, so try to make the most of them. Also, take a moment to count your blessings. You're under a lot of pressure, but look at the big picture of your life. A little bit of gratitude goes a long way.

LEO (July 23 - Aug. 22)
A new start your home/family life is beckoning however you need to make sure you are behaving yourself. Brash Mars is moving into your sign this week so be careful you don't just push your way in where you should go a little more gently. Check your behavior regularly!

Virgo (Aug. 23 - Sept. 22)
One of the lessons the universe is trying to teach you right now is that it's all about how you think.

Is "General Hospital" Alum Réal Andrews Going To A New Soap Opera? Also, Edward Scott Returns To "The Young And The Restless" As Senior Producer By Michael Maloney

The revolving door of daytime drama continues to spin both in front of and behind the scenes. Réal Andrews, best known as Taggart on *General Hospital*, announced on social media that he won't be returning to the ABC serial any time soon. The actor, who first appeared as Taggart in 1996, delivered a powerhouse performance on *GH* last year when his character discovered that Trina (Tabyana Ali) was not his biological daughter. Taggart kept up a brave face for Trina's sake, but he broke down once he was alone in a hospital elevator.

"My chapter with *General Hospital* is over," he recently shared. "The writing has been on the wall for a long time. I wanted to come here because you guys have been phenomenal, the best, amazing supporters." The actor gave kudos to *GH* folks who made his time in Port Charles possible including casting director Mark Teschner, former executive producer Wendy Riche, current executive producer Frank Valentini and former head writer Bob Guza. Andrews says he's been offered what he is calling "the biggest role in my life. It's [with] the biggest and best network, the best director, producers, writers, in my opinion, in the industry. We're in pre-production for it."

Andrews didn't divulge any other details. However, CBS is preparing to open *Beyond the Gates*, a soap opera set to debut in January that tells the story of a family living in a secluded gated community. (Guza is one of the show's executive producers.) "Everything I've done in my whole life was for this role," Andrews says.

Also, *TV Weekly* has learned that Edward J. Scott, husband of *The Young and the Restless* star Melody Thomas Scott (Nikki), has returned to the hourlong CBS soap opera as a senior producer. Scott began his career in Genoa City in the 1970s as an associate producer, eventually becoming the show's executive producer. Known for his support of the show's hardworking crew and his ability to help bring out performances from actors, Scott was most recently a producer at *The Bold and the Beautiful*. He also produced *Days of our Lives*, which earned the Peacock serial a Daytime Emmy nomination for Outstanding Drama Series at the 2009 Daytime Emmys. Scott picked up his seventh Daytime Emmy in June at the 51st Annual Daytime Emmy Awards when he and Melody were handed Lifetime Achievement Awards.

Speaking of *Y&R*, the show's 13,000th(!) episode airs Nov. 13.

ASK MATT

SHOULD THEY CREATE A DRAMEDY EMMY?

@TVGMMattRoush

Question: I watch and love *The Bear* as much as anyone. But I think we can all agree, it's far from being a comedy. Why hasn't the Academy created categories for a "dramedy?" —Rob S.

Matt Roush: The Emmys and its many categories are woefully imperfect, to be sure, but the ceremony is already so swollen with categories for various types of TV that adding an entirely new, and hard to define, genre (plus the acting, directing, writing, and other categories within) will probably never happen. Same goes for the other categories so many of my readers lobby for, separating broadcast series from premium cable/streaming series to even the playing field and giving network shows more of a chance to be noticed. If the TV Academy expanded to accommodate each of these issues, the show would likely become even more unmanageable. Should there be a mechanism in place for the Emmy administrators to override producers and networks when they game the system by placing a deeply dramatic non-comedy (*The Bear*, later seasons of *Barry*, to name a few) into the comedy categories simply because they're a half-hour show? I'd be in favor of that.

Harry Potter: Wizards of Baking

8 pm on FOOD

Series Premiere

This new baking series based on the world of Harry Potter brings together bakers from around the world to Platform 9 ¾, where they'll create magically delicious showpieces on the sets that the beloved movies were filmed in England.

Jersey Shore Family Vacation

8 pm on MTV

If they can make it there, they'll make it anywhere. While Mike and Lauren get ready to welcome a new baby and Sammi handles her IVF journey, the rest of the group hit New York City, where the tour gets crazy with a stop at Vinny's stand-up show.

Alaska PD

9 pm on A&E

Sometimes, it's difficult to figure out who gets punished more: the police officers in Fairbanks, Alaska, who must deal with extreme conditions every day or the criminals they catch. While Taylor is still acclimating, Officer Wixon gets to work.

Grey's Anatomy

10 pm on ABC

Blood pressure continues to rise among the staff of Grey Sloan Memorial. While trying to treat patients suffering from a host of maladies, Meredith Grey (Ellen Pompeo) and her colleagues do their best to keep their personal lives private.

CHEERS TO

HOW TO DIE ALONE

for giving us life. In Hulu's poignant dramedy, award-worthy *White Lotus* breakout Natasha Rothwell soars as a lonely, lovable airport staffer who keeps tripping on her own path to self-discovery after stealing a dead woman's identity.

CHEERS TO

9-1-1: LONE STAR'S

massive three-part season opener on Fox. A train crash and a toxic-cloud crisis? Master of Disaster Irwin Allen would be proud.

follow Cheers & Jeers

JEERS TO SEAL TEAM'S

series finale fake-out. Making us think Bravo Team was doomed by cutting from a missile explosion to a church filled with soldiers sent us spinning. Thankfully, they were all at attention for the wedding of Jason's daughter and the military hit ended on a high note instead of a major downer.

JEERS TO THE EMMYS...

in advance. If *Industry's* Marisa Abela and *Myha'la* aren't nominated in 2025 for their epic showdown on the HBO drama, we're going to be the ones fighting, OK?

**3 CHAIRS
IN ONE:**
SLEEP/RECLINE/LIFT

You can’t always lie down in bed and sleep. Heartburn, cardiac problems, hip or back aches – and dozens of other ailments and worries. Those are the nights you’d give anything for a comfortable chair to sleep in: one that reclines to exactly the right degree, raises your feet and legs just where you want them, supports your head and shoulders properly, and operates at the touch of a button.

Our **Perfect Sleep Chair®** does all that and more. More than a chair or recliner, it’s designed to provide total comfort. Choose your preferred heat and massage settings, for hours of soothing relaxation. Reading or watching TV? Our chair’s recline technology allows you to pause the chair in an infinite number of settings. And best of all, it features a powerful lift mechanism that tilts the entire chair forward, making it easy to stand. You’ll love the other benefits, too. It helps with correct spinal alignment and promotes back pressure relief, to prevent back and muscle pain. The overstuffed, oversized biscuit style back and unique seat design will cradle you in comfort. Generously filled, wide armrests provide enhanced arm support

when sitting or reclining. It even has a battery backup in case of a power outage.

White glove delivery included in shipping charge. Professionals will deliver the chair to the exact spot in your home where you want it, unpack it, inspect it, test it, position it, and even carry the packaging away! You get your choice of Luxurious and Lasting Miralux, Genuine Leather, stain and liquid repellent Duralux with the classic leather look, or plush MicroLux microfiber, all handcrafted in a variety of colors to fit any decor. **Call now!**
